SUMMARY

Enthusiastic and detail-oriented junior web developer with a passion for problem-solving and continuous learning with strong fundamentals in **HTML5**, **CSS3**, and **JavaScript**. Experienced in developing real-world **mini projects** and participating in **hackathons**. Seeking a frontend developer internship to apply my skills and grow in a professional environment.

PROJECTS

Currency Converter Website (GitHub)

- Developed a responsive web app using HTML, CSS, and JavaScript
- Integrated **real-time exchange rates** using an **external API**
- Implemented **dynamic UI updates** and **error handling**

Rock Paper Scissors Game (GitHub)

- Built an interactive browser game with JavaScript
- Implemented **game logic and score tracking**

Tic-Tac-Toe Game (GitHub)

- Designed a two-player game with win-condition logic
- Focused on **clean UI** and **smooth user experience**

ACHIEVEMENTS & ACTIVITIES

Hackathon Coordinator at IIMT Engineering College

- Organized and managed **college-level hackathon** events
- Facilitated collaboration between teams and organizers during the hackathon

Participant – Smart India Hackathon (SIH) 2025

- Problem Statement ID-25012
- Problem Statement Title- **Automated Attendance System For Rural Areas**
- Participated in team collaboration to build practical solutions under time constraints
- Gained experience in teamwork, ideation, and rapid development

Participant – Inter-College Hackathon

- Designed and implemented solutions under pressure in a fast-paced competitive environment

EDUCATION

Bachelor of Technology in Computer Science and Engineering (3rd Year) **SGPA:7.9**

IIMT Engineering College (AKTU), Uttar Pradesh, India
Expected Graduation: 2027
